

There was a woman who wore a turban.

She unwrapped it
only when she went to bed.
She didn't want everybody to see her head.

Tom took her to a \$12 movie,
bought her a \$4 popcorn
and a \$2.50 soda.

After the show,
he even took her to a restaurant
for her favorite,
key lime pie and coffee.

That night, she carefully
unwrapped her turban for him
before they went to bed.

With anticipation,
he waited to see her long flowing hair.

“Aaah!” said Tom,
when she unveiled herself.

She waited for the wild sex to begin;
but he put his pants back on,
shook her hand
and left.
